Modern Fable of the Woman who
Was Long on the Social Tally
But Short on Housework.

Once upon a Time there was an old
lady who thought that when there was
anything stirring in the social line
that it was impossible to pull off the
event without her approval.

She didn't have enough glad rags to
wade a shot gun, but this did not
prevent her from being on hand to
secure all of the latest fashion
magazines and to hand out the dope
as to what was proper and correct.

She could even tell which spoon
was proper to use at a banquet, and
when a new arrival struck the hall-
way in which she lived she would
give him or her the once over, and
that was all there was to it.

She did not need to read the who's
who column to tell who was possible
and who should be handed the icy
stare when they tried to break into
society.

She was some little old club woman
all right, and what she did not know
about the ancient and modern writ-
ers was not worth putting into a book.
She used to call Browning by his
first name, and one would think to
hear her talk that she had chummed
with Shakespeare during the days
that he was engaged in writing his
plays.

If she had known as much about
frying beefsteak as she did about the
foreign missions, there is no doubt
but what the family would have had a
square meal once in awhile, that is if
she had ever had time to cook one.

She was the busiest woman in the
village, and her friends often won-
dered how she found time to do all her
housework and do all the bustling
she did for the clubs, church societies
and other outside work. They did
not know that her housework was the
only thing that she neglected.

Things went along this way for
some years, the old man and the
kids picking up a meal from the pan-
try shelf or wherever there happened
to be something that would sustain
life for a few hours longer.

Then one day when the old man
came home from a hard day's work
and found the fire out and nothing to
eat in the house and the woman out
to a neighbors' dinner, he simply gave
up and walked out into the
unknown and quit.

The missus wept a little and told
her friends that poor George must
have been crazy, when as a matter of
fact he had merely come to his senses.

Moral—Even a meek and lowly
creature like a man will turn at
times, altho he can generally be de-
pendent upon to swallow his medi-
cine like a little major.

Forger Gets Two Year Sentence.
John Sherman, the young man
who was awaiting trial before the
circuit court, last week signified his
willingness to plead guilty to the
charge of forgery, which had been
lodged against him, and with this end
in view he was taken to Waupaca on
Saturday by under-sheriff Garlin, ac-
companied by district attorney Rob-
erts. Judge Park was holding court
at Waupaca, and when taken before
that gentleman he pleaded guilty and
was sentenced to two years. Sher-
man has passed a number of small
checks at Marshfield.

Ball was a Success.
The ladies of the village of Biron
held a masked ball at the Biron Park
hall on Friday evening at which there
was a large attendance, and every-
body is reported to have had a good
time. The prize for the best dressed
couple was awarded to Louis Landry
and Bertha Sprafka, while George
Bates and Nettie Horton carried off
the prize for the most comical cos-
tume. The ladies cleaned up about
\$45.00 by their efforts, which was
well worth while.

Deaths.

Armon.
A son to Mr. and Mrs. Albert Nat-
wick at Riverview Hospital on Sun-
day.
A son to Mr. and Mrs. Ed Wosow-
son, of Sigel.

PHOTOGRAPHERS NOT
SO EASY TO SKIN

Some weeks ago there was a breezy
young man blew into town with the
arrogance of a putty Grand
Rapids on the map, and incidentally
to get out a special edition for one
of the local papers. After getting
everything arranged he called upon
one of the local photographers and
explained his plan to him, and offered
to let this photographer do all the
work for him in taking the pictures
of our local celebrities, the only stip-
ulation being that the photographer
should do the work free of charge.

Of course it was understood that the
photographer would get so much ad-
vertising out of the scheme that he
would probably be able to retire from
business within a year or two. Well
it happened that the photographer
can't get anything thru a Dutchman's
head, and as a result the camera man
could not see where he was going to
get off at. At last the advertising
man gave up as a bad job and went
to see another photographer. For
some reason or other this artist did
not seem to have any more sense than
the other guy, and talk as he would
that he was unable to show him where
the profit would come in on the propo-
sition. You see the advertising man
was going to take in several dollars
apiece from each of those who had
their pictures taken, and the blooming
photographers wanted a cut out of it.

Seeing that it was impossible to do
anything with his first love and told
him that he would give him just one more
chance to do the work, and if he did
not snap at it quick he would import
a photographer, a good one, who
would be glad to come here and do
the work, provided he got paid for it.
The ball-buster photographer
suggested that he pay the local man
just a part of what he was going to
put up for the outsider, and they
would do the work. He was insulted
at this proposition, however, and af-
ter a couple of more calls to give
each of the men one more chance, he
made his escape and has not been
heard from since. Now photogra-
phers are not generally credited with
being very good business men; they
being artists and gifted with an ar-
tistic temperament, it is supposed
that anybody can slide into their stu-
dio and sell them a gold brick most
any morning before breakfast. But
it seems that this is not the case, for
in this instance they displayed more
sense than is usual with business men
about town. Anyway, the breezy
young man disappeared from the city
and it is supposed that he succeeded
in finding a town where the photogra-
phers were open to reason and not
inclined to be built on such non-en-
terprising lines.

A Raise in Rates.
In order to be in line with the high
cost of living, or the cost of high liv-
ing, or however you have a mind to
put it, the railroads have raised their
rates in adjacent states, and the re-
sult is that many of us who have been
riding on the plush heretofore will
now have to hit the ties in case we
want to make any trips. The fare to
Chicago has been boosted from \$3.80
to \$6.12, and other fares outside the
state have been raised proportionately.

Lemuel Kromer had a narrow es-
cape from being seriously burned
last Wednesday. He was sitting in
a chair by the fire and fell asleep,
and had by him an oil stove to as-
sist in tempering the air of the room.
While in this condition the oil stove
got out of control in some way and
was smoking in bad shape, and was
apparently about to explode, when a
neighbor, woman happened in and
discovered the trouble, and the oil
stove was taken out before there was
anything more serious happened. Mr.
Kromer has been quite feeble for
some time past and is not able to help
himself to any great extent, so if
anything had happened it is probable
that the result might have been seri-
ous.

HOTEL WITTER WILL
OPEN FEBRUARY 15

Landlord Gerow has set the date
for the formal opening of the Hotel
Witter for the evening of Monday
February 15th, on which occasion
there will be a banquet, followed by
a dance, and preparations are being
made to give the guests a good time
on that occasion regardless of what
the expense may be.

Mr. Gerow does not want any of
the people of Grand Rapids to feel
that this is going to be a lightened
affair in which only the elite will be
represented. It will be an opening
of a new hotel, to which the general
public is invited, and it is hoped that
everybody interested in the welfare
of the city will turn out and see what
we have to offer the travelling public
in the way of hotel accommodations.
A charge of \$1.50 a plate will be
made for the banquet, and as the new
dining room will seat one hundred
guests, the facilities are good for
handling a pretty good crowd.

Arrangements have been made for
a musical program during the ban-
quet, and there will also be some
short addresses appropriate to the
occasion. The citizens of Grand Rap-
ids have responded cheerfully to Mr.
Gerow's invitation to make this an
event to be remembered by those who
attend, and there is no reason why
there should not be a good time for
all and one that will be appreciated
by our citizens in the spirit in which
it is given.

There is no question but what the
hotel accommodations of Grand Rap-
ids will be greatly increased by the
addition to this hotel, and it is a
thing that will be greatly appreciated
by the travelling public, as there have
often been times in the past when
all of the stopping places in the city
to the limit, and it was necessary for
a traveler arriving late in the city to
secure quarters at a private family
if he wished to occupy a bed during
the night.

Then Mr. Gerow has added to the
beauty of the place by getting his
new dining room where it overlooks
the river, with light and airy, with
sides, making it light and airy, with
a view as can be obtained in
the city, making this part of the hos-
tel the equal of anything in this
part of the country, and much better
than a large majority of such places.

Death of John Sowaski.
John Sowaski died at his home on
the east side in this city on Saturday
evening, Feb. 7th, of pneumonia, a
few days, cause of death being pneu-
monia. Mr. Sowaski was employed as
nightwatchman at the plant of the
Grand Rapids Foundry Co., and while
at work Wednesday night he was
taken with a violent chill, and realizing
that he was very sick, he called to his
summoned and he was taken to his
home. He was very sick from the
first, and he grew steadily worse un-
til the end came Saturday night.

Deceased was born in Germany 58
years ago, but came to this country
when a comparatively young man
and has lived here almost continually
ever since. He is survived by his
widow and one son Max, of Byota,
Minn.

The funeral will be held this after-
noon from the east side Lutheran
church, Rev. R. J. Paulz to conduct
the services.

Change in Hotel Management.
Mr. and Mrs. G. J. Hayes have
again assumed the management of
the Hotel Julian, the change having
been made last Monday. For several
months Mr. and Mrs. Kamp have had
charge of the place, having leased the
property from Mr. and Mrs. Hayes.
Mr. and Mrs. Hayes have made many
friends in this city who will be glad
to know that they have again taken
charge of the hotel.

Paid up His Board Bill.
Earl Mann was up before Judge
Calkins on Thursday charged with
having jumped his board bill. The
young man pleaded guilty to the charge
and after settling with the man whom
he had attempted to beat and paid
the costs of the suit he was allowed to
depart. The warrant for his arrest
was issued some time ago, but the
officers of the law did not get their
man until last week.

Advents May Meet at Stevens Point.
The citizens of Stevens Point have
extended an invitation to the Sev-
enth Day Adventists to meet in that
city at their annual camp meeting
this year. The members have sent a
man to look over the premises and if
everything is satisfactory it is prob-
able that the invitation will be ac-
cepted. It is proposed to have them
use the fair grounds.

Starting them in Eight.
J. A. Johnson was in the city for a
couple of days last week putting the
county officers right on their book-
keeping at the court house. The same
system is now used all over the state
and for a new man it is somewhat
puzzling. Once the new officers get
started on the work there is no doubt
but what they will get along all right.

A number of people from the coun-
ty round Wausau want to place one
day last week to hear Helen Kel-
ler speak. Some time before she was
to arrive there a message was re-
ceived stating that owing to sickness
Miss Keller would be unable to fill her
appointment. The person to whom the
telegram was addressed was not in
the city at the time, and as the tel-
egraph operator had never heard of
Helen Keller, he did not know that
it was of any importance to the pub-
lic, so he put it aside to await the
arrival of the woman to whom it was
addressed. The result was that when
they found the opera house dark
and nothing stirring in that vicinity,
the lecture, however, will be held
at some later date.

Frank E. Noyes, editor of the Mar-
quette Eagle-Star, was in the city on
Thursday to take part in some work
in the Masonic lodge.

DEATH OF A PROM-
INENT CITIZEN.

The people of Grand Rapids were
shocked and pained when the news
told of the death of Nicholas Reiland,
which occurred at Riverview Hospi-
tal on Sunday evening at 7 o'clock.

Mr. Reiland was taken sick about
four weeks ago with this trouble,
he was a very sick man with this
trouble, but he finally rallied and
got along so nicely that it was ex-
pected that his complete recovery was
only a matter of a short time. How-
ever, he was taken with appendicitis
and it was decided that the only way
to save him was to perform an opera-
tion, which was done on Thursday
morning.

Mr. Reiland stood the operation
fairly well, and it was hoped by all
his friends that he would make a
speedy recovery, but it seems that it
was impossible to do anything effec-
tive for him, and the result was that
after several shivering spells and sub-
sequent rallies he began to fail on
Sunday, and at seven o'clock passed
to that unknown from which no
traveler returns.

Nic Reiland was not only one of
the most prominent citizens of Grand
Rapids, but it is safe to say that he
was one of the best liked men in the
community. For many years he was
certainly not known to the gen-
eral public, but he was spoken of in
the highest terms by both his work-
men and those who had business re-
lations with him.

Mr. Reiland was the president of
the Reiland Packing Company, an
institution which he was instrumental
in organizing in this city and which
he has always taken a great interest
in since it was first started.

Deceased was born in Luxem-
burg on the 27th of December, 1864,
and was consequently 50 years of age
at his last birthday. He came to this
country when a child four years of
age with his parents, the family lo-
cating in the state of Minnesota. He
lived at Red Wing for a time and af-
terward at Belknap, Minn., coming
to Grand Rapids in 1885. He en-
gaged in the meat business here and
operated a market continuously un-
til he retired from this to organize
the packing company, of which he
was president for some time. During
the years he has served in this capacity
his utmost efforts have been put forth
to make a success of this business,
and in this he was eminently suc-
cessful.

Mr. Reiland was married to Miss
Mamie Welland of Appleton on the
23rd of May, 1889, and the widow
and five children of the deceased are
Mrs. Reiland, Frank, George, Robert
and Arthur. There are also three
brothers residing in this city, Dom-
inic, Joseph and Peter.

The funeral will be held this morn-
ing from St. Peter and Paul church,
Rev. Wm. Hedding conducting the ser-
vices.

Mr. Reiland was a member of the
Knights of Columbus, Elks and Cath-
olic Foresters, and the members of
these lodges attended the funeral in a
body.

Storm Did Not Come.
Some of daily papers had us all ex-
cited about that storm that was going
to hit this section of the state on
Sunday. It was going to be one of
the worst, and farmers were warned
to get their hay stacks in if they did
not want them frost-bitten, and city
folks were admonished to get in an
extra ton of coal, so as to be on the
safe. However, the storm failed to
show up, Sunday being one of the
best days for some time, and for some
time just shows that you should
not believe everything you hear.

New Cafe Opened.
The new eating house, which will
be known as the H. & R. Cafe, was
opened to the public on Saturday, and
the proprietors report that they have
had a very satisfactory run of busi-
ness since it was started. The new
place is located in the small building
on Oak street just back of the Fre-
chette sample room, and the interior
of the place has been decorated so that
it presents a very neat and tasty ap-
pearance.

Will Operate a Taxiab.
Wm. Nolte has purchased a Ram-
bler taxicab which he will operate
in this city as soon as the new
chance arrive. Mr. Nolte bought the
car in Milwaukee, and it was
loaded onto the cars on Saturday, so
that it will probably be in this city
by the time these lines appear in
print. The car is of forty horsepower
and will carry six passengers.

Will Sharpen Razor Blades.
Kirk Muir has purchased the Odell
machine for sharpening razor blades
that was being exhibited in this city.
He has intended to make the
surrounding towns for the purpose of
doing this sort of work. The ma-
chine is quite a handy piece of me-
chanism and seems to do the work in first
class manner.

Approval Has Been Received.
Judge John A. Gaylor on Monday
received the approval of the sec-
retary of state of the recent rise in
capitalization of the Wood County
Telephone company. An application
will be made at once for permission
to issue more stock, and it is this
granted by the rate commission it
will be possible for everybody who
wants it to secure stock.

Pictures Fall to Arrive.
The "Safety First" pictures that
were to be shown at the Palace the-
ater last week failed to show up on
schedule time so that they could be
shown as advertised, and the result
was that they were put on Monday
evening. A large number of people
went to see them and there is no
doubt but what the lesson taught by
them was a wholesome one.

Miss Petronella Mulroy, who is
teaching in the northern part of the
county, was home to spend Saturday
and Sunday with her people in this
city.

WILSON WARNS U. S.

PRESIDENT SAYS THERE IS A FOOD SHORTAGE IN THE WORLD.

AMERICA MUST FEED ALL

Urges More Grain Be Planted and Yield Per Acre Also Be Increased—Address—Made Before Business Men of the Nation.

Washington, Feb. 5.—"There is a shortage of food in the world now. That shortage will be more serious a few months from now than it is now."

"It is necessary that we should plant a great deal more. It is necessary that our land should yield more per acre than it does now."

"It is necessary that there should not be a waste of food in this country if the world is to be fed."

In these words President Wilson addressed the people of the nation on Wednesday night through several hundred representative business men attending the annual convention of the Chamber of Commerce of the United States.

The president declared that "we must all pool our interests" in order to discover the best means of handling public problems.

The creation in the United States in time of peace of the same kind of united spirit which moves nations during war was advocated by the president, who remarked that "when peace is as handsome as war there will be no wars."

"And when men engage in the pursuits of peace in the same spirit of self-interest as they engage in war, war will disappear."

Speaking of the foreign trade of the United States the president asserted that "business men devise some of the best laws of the world."

He declared that apparently the antitrust laws prohibited such combinations now, but that he would favor a change if a method for the work being done by the business of foreign and domestic commerce in "surveying the world" for the benefit of all business men.

Business men themselves are to blame if intelligent laws affecting them are not framed, the president asserted. He added that they should come out into the open and show their knowledge of conditions to bring about laws to prevent business evils.

The Mexican question was mentioned by Mr. Wilson as an example of the difficulty he had in getting accurate information.

TEUTONS TO INVADE ENGLAND

German Emperor Arrives at Wilhelmshaven to Inspect Warships and Transports.

Copenhagen, Feb. 5.—The visit of Emperor William to Wilhelmshaven to inspect the German fleet, announced from Berlin on Wednesday, is thought to mean that the long-awaited naval battle in the North sea and a serious attempt to land a great army on the shores of England are at hand.

Enormous masses of troops are said to have been massed at Wilhelmshaven and scores of liners—idle since the war started—are lying in the harbor with a steam up ready to act as transports.

BRITISH SHIPS SUNK

FOUR STEAMERS TORPEDOED BY GERMAN SUBMARINES.

Persons on Board Forced to Take to Small Craft, but Given Time to Get Belongings.

London, Feb. 2.—Four British merchantmen, one of them the Ben Crox, have been torpedoed and sunk by the German submarine U-21 off Fleetwood, in the Irish sea. Their crews, compelled to take to the boats, were rescued by trawlers. One of the other steamers sunk was the Linda Blanche. The British steamer Kilcoman and the Tokomaru were also reported sunk.

A German submarine torpedoed and sank the British steamer Kilcoman in the Irish sea. A dispatch from Havre tells of the sinking in the channel of the British steamer Tokomaru, carrying food supplies to Belgium, under a mysterious explosion which is believed to have been caused by another submarine. The crew of 57 men were rescued by the trawler Hooper and taken to Havre, where they were landed.

The steamer Graphic, reaching the Mersey, reported that it had been chased by a submarine, but owing to superior speed it had managed to escape. The passengers and crew were panic-stricken. Fortunately, however, the Graphic was able to outdistance the hostile craft, which gave up the chase upon the mouth of the Mersey was reached.

BLOWS UP BRIDGE

SPAN OVER ST. CROIX RIVER DAMAGED—CONNECTS U. S. AND CANADA.

PRISONER SAYS HE IS GUILTY

Man Named Horn Arrested Near Vancouver by Sheriff, Declares in Statement That Canada Is Part of the Enemy's Country.

Vancouver, Me., Feb. 4.—The International railway bridge over the St. Croix river was damaged by a dynamite explosion early Tuesday morning, and soon afterward Werner Horn, who says he is a German officer, was arrested on the American side. The explosion was intended to hamper the transportation of war supplies from Canada to England.

The eastern one of the three stone piers which support the bridge was destroyed by some high explosive with a detonation which rocked the houses in Vancouver, shattering the windows of the railroad station and alarming the residents on the Canadian side of the river.

Governor Woods of New Brunswick said: "I shall at once take the necessary steps to secure an investigation of the destruction of this bridge."

The bridge was a steel structure, built in 1910. It was 1,200 feet long. A man named Horn, who says he is a German officer, has been arrested in connection with the blowing up of the railway bridge over the St. Croix river at Vancouver, and officials of the Maine Central railroad declare he has practically admitted his guilt.

Horn was arrested on United States soil near Vancouver by Sheriff George W. Ross. He was taken to Vancouver where he was examined by officials of Washington county.

Horn was asked why he had dynamited the bridge, and made answer, according to the police, that his country was at war with Great Britain, and Canada was a part of the enemy's country. Apparently he felt in the river, for his clothing had been soaked through and frozen on him.

Railway officials said that the bridge could be repaired for regular traffic within two or three days.

LOSS OF LIFE IN STORM

Entire Northwest Swept by Blizzard—Ohio and Indiana Face Flood.

Chicago, Feb. 4.—The storm-delayed sections of the Northern Pacific Tuesday, hours late, and their passengers told a thrilling story of the fight against a blizzard and numbing cold throughout Minnesota and Wisconsin. The entire northwest was the grip of a blizzard again Tuesday that tore down telegraph wires and blocked many trains.

The loss of life has been considerable, according to the meager reports coming in over the crippled wires. Ohio and Indiana faced floods. Scores of men were put to work at Dayton, O., dynamiting ice jams to prevent a repetition of the flood disaster of 1913. Near Quincy, Ill., the South Bear Creek levee went out, flooding the lowlands.

With the Ohio just the 30-foot mark, the flood stage of 35 feet is expected at Evansville, Ind. Farmers in the bottoms are moving out their stock and grain.

Troops Sent to Rescue Condemned Men Fall to Arrive in Time—Slayer's Family Held.

Laredo, Tex., Feb. 3.—General Santibanez, former constitutionalist, executed Gen. Jesus Carranza, his son Abelardo, and Ignacio Peralli, both members of Carranza's staff. The widow of General Carranza received word of her husband's death from the first chief at Vera Cruz.

Mrs. Jesus Carranza, a refugee here, in announcing the death of her husband and his brother, Gen. Venustiano Carranza, chief of the Mexican constitutionalists, telegraphed her he would send troops to recover the body.

Gen. Jesus Carranza and his staff were taken prisoners recently near San Geronimo on the isthmus of Tehuantepec.

The father, mother, wife and other members of General Santibanez's family were recently reported to be in the state of Jalisco and sent to Vera Cruz where constitutionalists said they would hold them pending disposition of Jesus Carranza.

The execution resulted in Venustiano Carranza's refusal to pardon Santibanez and receive him again as one of his generals.

The order went forth from Vera Cruz immediately, however, for troops to be rushed into Tehuantepec to rescue the captured general and his staff. Apparently they arrived too late.

ELECT WILKINSON

STATE FAIR HEAD

Oliver E. Remey Succeeds Mackenzie as Secretary—Budget Asks \$452,000

Madison, Wis., Feb. 4, 1915

The state board of agriculture at its annual meeting elected A. H. Wilkenson of Bayfield president; Dr. G. A. Kleesch of Milwaukee, vice president, and Oliver E. Remey, Milwaukee, secretary. The board formally decided to hold the next state fair on Sept. 13, 14, 15, 16 and 17. The board fixed the salary of the secretary at \$2,500 a year.

An executive committee, consisting of G. N. Mithill of Fond du Lac, W. R. McCall of Tomah, and D. W. Larkin of Sturgeon Bay, was elected.

It was decided to postpone the election of superintendents of most of the departments until the next meeting. However, Richard White of Milwaukee was elected superintendent of speed, Thomas Sax of Milwaukee as superintendent of amusements, O. R. Rowley as superintendent of admissions, C. B. Everett of Racine as superintendent of the grandstand, H. B. Stadler of Milwaukee as superintendent of the women's department.

Budget Asks \$452,000.

In the budget presented to the legislature by the board, a statement of the estimated expenses for the fair is given. The total expense for the fair is estimated at \$452,000.

The total tax to be collected and turned into the treasury this month is \$6,333,654.08, but of this amount \$2,963,685.82 is returned at once to the counties or devoted to the payment of special charges, leaving a net balance of \$3,370,047.15 for actual use for state purposes.

Blizzard Delays Solons.

Madison was practically isolated by the blizzard, the worst experienced here in many years. All telephone and telegraph wires to Milwaukee and other large cities are down. Steam railroads were blocked, street car traffic suspended and practically all business in the city was at a standstill.

Attention is called to the fact that the Wisconsin fair receives revenues amounting to \$50,000 a year from the rental of space on the different floors of the grandstand. The board will argue that adequate buildings of permanent character be provided at once.

Rail Assessment Increased.

State assessment of railroad property has increased more than \$18,000,000 in the last year, according to the state tax commission report. The total valuation of railroad property is placed at \$368,687,000, as against \$340,242,000 a year ago. The taxes on the property last year were \$4,780,824.00, as compared with \$4,370,824.00 a year ago.

The largest increase in valuation is that of the property of the Northwestern line, which has risen from \$117,950,000 last year to \$123,500,000 this year.

BANKS FILE PROCEEDINGS

Wisconsin Institutions Desire to be Transferred.

When the national banks of the country were assigned to the new Federal Reserve districts several months ago, many banks of Wisconsin that had previously done business thru Chicago were placed in district No. 9, of which Minneapolis is the reserve city. Immediately a strenuous protest was voiced and the actual operation of the law has increased rather than lessened the dissatisfaction.

Recently seventy-six Wisconsin banks were asked for an expression and practically all of these agreed to protest against remaining in the Minneapolis district. As a result a committee composed of Louis Sauerbrey of Oshkosh, John P. Shuchis of Neenah and W. Dunnegan of Stevens Point, with Col. H. L. Wood of Oshkosh as counsel, has been selected to take the matter up with the Federal Reserve board. They will ask for a hearing, at which time arguments in favor of being placed in Chicago district No. 7 will be presented. It is probable that the hearing will be secured some time during the present month.

The objection to being in Minneapolis district is based on the fact that the regular channels of business lead to Chicago, making it much more satisfactory and convenient to be in that district.
